

LIVE TELEVISION SERIES

"THE BIG STORY"

As television suddenly came into national being, the need for programming was of course enormous. The series that began to sell quickly were those based on old radio favorites. One of these was THE BIG STORY, which had been a popular radio program. The first date on each script refers to its live telecast. The date after the letters, AM., refers to the date the originally story was first broadcast on radio:

THE BIG STORY format was simple. Actual news stories were chosen..some of which dated back years before...and the reporter was given a five hundred "award" by PALL MALL cigarettes, the sponsor;

Emile Gauvreau, New Haven Journal-Courier...Aug 29, 1952
